DETAILED ACTION

Response to Arguments

Applicant's arguments filed 6/1/07, with respect to claims 1-10 have been fully considered and are persuasive. The rejection of claims 1-10 has been withdrawn.

Allowable Subject Matter

Claims 1-24 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1 and 11 are drawn to a digital camera apparatus having a **first shutter release position for recognizing a printed code on a captured image**, and a **second shutter release position to determine and record the image captured on the basis of said printed code**, which is neither taught or an obvious variation of the relevant prior art.

Claim 2 is drawn to a digital camera apparatus having a **guide-displaying device for displaying a guide for recognizing and matching a printed code on a captured image**, which is neither taught or an obvious variation of the relevant prior art.

Claim 3 is drawn to a digital camera apparatus having a **code and a resolution setting device for setting a kind of printed code and a resolution for recognizing a printed code on a captured image**, which is neither taught or an obvious variation of the relevant prior art.

Claim 4 is drawn to a digital camera apparatus having **a guide-displaying device for displaying a guide for recognizing and matching a printed code on a captured image and a code setting device for setting a kind of printed code for recognizing a printed code on a captured image**, which is neither taught or an obvious variation of the relevant prior art.

Claim 8 is drawn to a digital camera apparatus having **an information searching device configured to search information corresponding to a recognized printed code on a captured image, and an information adding device to add said information to the captured image**, which is neither taught or an obvious variation of the relevant prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

- Rantze et al. (US Patent No. 6,744,938 B1) disclose a system for identifying a product by reading the product label or an associated bar code.
- Boggs et al. (US Patent No. 6,122,409) disclose
